

Instruction Sheet

Heavy Duty 2ft - 4ft Clothes Rails

1. Attach the legs (B + C) to the bottom bar (A) slotting into place with the click lock spring
2. Insert the grommets (G) into the legs, you may need to gently tap the grommets in with a rubber mallet, and then insert the castor wheels (H) into the grommet (G)
3. Insert uprights (D + E) into legs – these will sit at an angle until the top bar is in place
4. Attach the top centre bar (F) to both uprights (D + E) by slotting into place
