

Instruction Sheet

Heavy Duty 5ft & 6ft Clothes Rails

1. Connect the bottom bar halves (A + B) by locking into place with the click lock spring
2. Attach the legs (C + D) to the bottom bar slotting into place with the click lock spring
3. Insert the grommets (H) into the legs, you may need to gently tap the grommets in with a rubber mallet, and then insert the castor wheels (I) into the grommet (H)
4. Insert uprights (E + F) into legs – these will sit at an angle until the top bar is in place
5. Attach the top centre bar (G) to both uprights (E + F) securing in place with the click lock springs
